

IGE DAVID KOLAWOLE

FRONTEND ENGINEER

Email: igedavid01@gmail.com || Mobile: +234(0)9138979249 || LinkedIn: www.linkedin.com/in/defdave || Github: <https://github.com/Defdave>

PERSONAL PROFILE

I am a frontend developer specializing in creating responsive, user-friendly interfaces using HTML, CSS, JavaScript, and modern frameworks like React and Next.js. I'm skilled in styling tools such as Tailwind CSS and Sass, and I leverage platforms like Firebase to build visually appealing and high-performing web applications. I also have hands-on experience with Git and GitHub for version control and collaborative development, ensuring clean, maintainable code and efficient project workflows. Currently an undergraduate at Lagos State University, I am focused on delivering high-quality, user-centric solutions while continuously improving my skills and staying up to date with the latest industry trends.

CORE COMPETENCIES

- Responsive Web & UI Design
- Cross-Browser & Mobile Compatibility
- Frontend Architecture & State Management
- Performance Optimization
- Version Control & Team Collaboration
- Component-Based Development (React)
- UX/UI Best Practices
- Agile & Test-Driven Development

SKILLS HIGHLIGHT

- Web Development: Proficient in developing standards-compliant front-end code for service websites, web applications, and mobile experiences.
- Front-End Technologies: In-depth knowledge of multiple front-end languages and libraries such as HTML5, CSS3, SASS, JavaScript, TypeScript, React.js, TailwindCSS, and Next.js. Familiar with tools like Firebase.
- Coding Standards: Adept at writing well-designed, testable, and efficient code using current best practices in web development. Committed to maintaining high productivity levels and handling heavy workloads efficiently.
- Version Control: Experienced with Git and GitHub for version control and collaborative development.

WORK EXPERIENCE

SIWES Intern – Network and Computer Systems – Lagos State University, Epe Campus - 6 Months (2023)

- Assisted in the setup, maintenance, and troubleshooting of campus-wide computer networks including LAN, routers, switches, and wireless access points.
- Supported the IT team in configuring, securing, and monitoring systems to ensure reliable connectivity for staff and students.
- Performed hardware and software diagnostics, system updates, and routine backups.
- Gained hands-on experience with network infrastructure, cable management, and device configuration.
- Strengthened foundational knowledge of computer networking, system administration, and IT operations in an academic environment.

Freelance Frontend Developer – Remote - 2021 - present

- Developed modern, responsive websites and web apps using React and Next.js, ensuring cross-device and cross-browser compatibility.
- Translated UI/UX designs into functional, accessible interfaces with Tailwind CSS and component-based architecture.
- Integrated backend functionality using Firebase and collaborated with teams using Git and GitHub workflows.

- Delivered feature-rich projects efficiently and within deadlines, with a focus on client satisfaction and iterative improvement.
- Adapted quickly to evolving project requirements and effectively prioritized tasks to meet tight deadlines.

EDUCATION

- **B.Sc. in Electronic and Computer Engineering** – Lagos State University, Epe, Lagos **(Ongoing)**
